RED BAND
CONSTRUCTION EQUIPMENT

ELITE 80

The **Elite 80** is a lightweight, high performance and extremely versatile portable saw, designed for cutting a multitude of masonry products, natural stone, ceramic tiles, roof tiles, concrete products etc..

The Elite 80 is a technologically advanced machine, which incorporates many unique features not usually available on other similar masonry saws of this type, including;

- Adjusting tilting cutting head, permitting both 90° and 45° cuts.
- Sturdy aluminium conveyor cart with anti-tilt carriage for increased stability of work piece during cutting. The cart also features a carriage lock, which can easily be located to stop the cart from moving when in transit.
- Retractable legs with quick release design locking levers for quick and easy erection. The legs when retracted also provide additional protection of the cutting head.
- Main chassis of the saw is made from removable, lightweight aluminium profiles, which are easy replaceable in the event of damage and offer strength and durability at a comparatively low weight.
- Powerful 2.2Kw (3Hp) single phase motor.

TECHNICAL DATA

MAXIMUM BLADE CAPACITY	350MM
MAXIMUM DEPTH OF CUT (90°)	110MM
MAXIMUM DEPTH OF CUT (45°)	80MM
MAXIMUM CUTTING LENGTH	800MM
DRIVE UNIT	2.2KW (3Hp) SINGLE PHASE MOTOR
WEIGHT	68KGS
HEIGHT	1330MM
LENGTH	1200MM
WIDTH	800MM
NOISE LEVEL (Lwa), according to ISO3745-77	71.4
