

FUEL STORAGE – TRANSPORTABLE

# TRANSCUBE CONTRACT

TRANS  
CUBE 

CONTRACT SERIES

245 – 2,000 Litres

TransCube Contract is a transportable, environmentally friendly double-walled fuel storage tank that offers an efficient solution for onsite fuelling and auxiliary fuel supply. This range features a lockable equipment cabinet, 4-way forklift pockets, and lifting/stacking corner brackets for ease of handling.

The TransCube Contract range offers refuelling versatility in a simplified, economic unit. This unit is ideal for sites that don't require a lot of fuel, but still need efficiency and productivity.

## FEATURES

### 1. LOCKABLE EQUIPMENT CABINET

Equipment & ports are secure and spills are contained. Secure hose access enables fuelling while cabinet is locked.

### 2. INTERNAL Baffles

Designed to maximise stability when handling the tank full of fuel.

### 3. 110% BUNDED

Built-in, weather proof secondary containment eliminates the need for drip trays.

### 4. CORNER BRACKETS

Liftable by crane whilst full and easily stackable.

### 5. FOUR WAY FORKLIFT POCKETS

Quick and easy manoeuvring and mobility.

## IDEAL USES & APPLICATIONS

### ONSITE FUEL SUPPLY

Easily refuel machinery on site when needed and cut back on fuel delivery waiting times.

### LIMITED-ACCESS WORK SITES

For logistically challenging sites that require fuel, the TransCube can be safely lifted by crane or forklift and positioned precisely & quickly.

### FUEL TRANSPORT

Meeting multiple worldwide transport regulations, the TransCube can transport fuel safely anywhere you need it.
