

Product Data Sheet

DE 4002 (240V/110V)

Deep steam cleaning without detergents.

The DE 4002 provides thorough, deep and hygienic cleaning without the use of detergents. Producing steam up to 150°C and with a wide range of standard and optional accessories, the DE 4002 is highly versatile and ideal for use in a variety of environments where fast, hygienic cleaning is a necessity. The 4002 is very simple to use, can be used continuously and heats up very quickly. With a wide range of accessories, the machine is equally suited to detail work around kitchen appliances and bathroom fittings as it is to cleaning floors and walls.

Features and Benefits:

- Two-tank system minimises heating up time and allows for continuous operation
- Variable control of moisture content, from steam to hot water jet
- Large 2.4 litre capacity producing up to 4000l of steam
- Fully insulated rust proof aluminium steam boiler keeps the heat in
- Ergonomic handle and protective design, enables easy transportation and protects it from knocks

Accessories

Standard accessories
